			<input checked="" type="checkbox"/> Master	<input checked="" type="checkbox"/> Professional

Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

My research interests mainly focus on cancer epidemiology. I am also interested in the epidemiology of other types of cancers, clinical epidemiology, pharmacoepidemiology, environmental health, as well as other public health issues. I have strong collaboration with researchers from all over the world. I am supervisor of postgraduate students at Fujian Medical University and also the renowned Karolinska Institutet in Sweden. I warmly welcome students from anywhere to carry out their degree projects with me. Undergraduate and postgraduate students who worked with me have successfully authored publications in good scientific journals.
