Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

From 1996 to 2001, I studied in Fujian Medical University, was awarded clinical medicine bachelor degree. After then, I was hired by Fujian Provincial Hospital, and worked in ultrasound department until 2005. I went back to my old university to study hepatological surgery in 2005, and got master degree in 2008.

Since then, I worked in ultrasound department of Fujian Provincial Hospital again. My field is abdominal and small organs ultrasound diagnosis and interventional treatment. My main research is uterine leiomyoma and adenomyosis ablation by HIFU and Radiofrequency Ablation for tumors.
