Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

Deputy chief physician, M.D., Master supervisor, I have engaged in malignant tumor treatment for more than 10 years, presided over and participated in multiple provincial and ministerial research projects, and published over 10 academic papers, including 3 SCI papers. I am the teaching secretary of the National Radiation Oncology base for standardized resident training. I have been instructing and training interns, physicians and residents for a long time, and have taught theoretical courses and experimental courses at the overseas college for 2 years.
