### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

As the deputy chief pharmacist of pharmacy Department of Fujian Cancer Hospital, my main research directions are pharmacogenomics, quantitative pharmacology and clinical pharmacy, so as to realize the precision treatment of cancer by anti-tumor drugs. I have undertaken 5 research projects and published more than 10 SCI articles. As a medical university outside teachers, I have rich teaching experience. Working overseas as a visiting scholar for one year has enabled me to better understand foreign teaching mode, cultural background and communication mode of overseas students, so that I can better conduct the guidance work for overseas students.
