Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

Bian Cong, Associated Chief Physician of Head and Neck Surgery, Fujian Cancer Hospital, graduated from West China Medical University in 1996 with a major in stomatology, and obtained a master's degree in oral and maxillofacial surgery from the School of Stomatology of Fujian Medical University in 2008. He has long been engaged in the diagnosis and surgical treatment of head and neck tumors and is good at open and laparoscopic surgery of thyroid tumors and oncoplastic surgery. From 2014 to 2017, he taught ortorhinolaryngology & stomatology nursing in Health Vocational College, and Clinical Skills Internship and Professional Clinical Clerkship in Fujian Medical University. His research direction is thyroid surgery. This is his first time in teaching international students as a supervisor.
