Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

I am a surgical oncologist with a practice dedicated to the treatment of breast cancer including surgical treatment and systemic therapy. My interest of research has focused on sentinel lymph node biopsy and how to apply oncoplastic surgery to breast conservation therapy as well as breast reconstruction. My Awards and Honors are as follows:

- Provincial Prize for Progress in Science and Technology (2018)
- Prize for Progress in Science and Technology from Fujian Provincial Anti-cancer Association (2018)
- ASCO Breakthrough Merit Award (2019)
