Clinical Medicine	Surgery (Neurosurgery)	cerebrovascular disease, traumatic brain injury, brain tumor	<input type="checkbox"/> P.H.D/M.D	<input type="checkbox"/> Academic
			<input checked="" type="checkbox"/> Master	<input checked="" type="checkbox"/> Professional
			<input type="checkbox"/> P.H.D/M.D	<input type="checkbox"/> Academic
			<input type="checkbox"/> Master	<input type="checkbox"/> Professional

### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

As an overseas returnee (Doctor of Medicine, Associate Chief physician, Master's tutor, vice Director of Department of Neurosurgery of the Second Affiliated Hospital of Fujian Medical University, Quanzhou City High-level Talents, Fujian Province High-level Talents, Judge of China Government Sponsored Study Abroad), Doctor Feng Zheng graduated from Cologne University, one of the eleven elite universities in Germany, and mainly engaged in clinical and basic research of cerebrovascular diseases. Beside the clinical operations and routine work at ward, Doctor Feng Zheng also conducts clinical and basic scientific research, which is focused on nanotechnology combined with stem cells to treat stroke patients. As first author or corresponding author, Doctor Feng Zheng has published more than 40 SCI articles internationally, with a cumulative impact factor of more than 300 points, and the highest SCI impact factor of a single article is 41.787 points. Additionally, Doctor Feng Zheng published a professional monograph and is now a reviewer of many key SCI journals of neurosurgery. At present, two international cooperation projects are under research, both of which are in cooperation with Department of Neurosurgery of Medical School of Cologne University in Germany, and one of them has entered the stage of achievement publication.

Under Doctor Feng Zheng's supervision, his master students have made a lot of professional publications and achievements, of which a student Yu Xiong even published 14 SCI papers within two years. Doctor Feng Zheng welcomes your participation in our clinical and research team and believe that here with your hard working, you can undoubtedly make yourself outstanding and realize your dream.
