Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

Pediatrics of Fujian Union Medical College is the clinical, research and teaching center of Pediatrics, but also the key discipline of the hospital. Since 1998, pediatric psychology has become the only leading medical specialty in pediatrics in Fujian Province. In 2001, it was approved to establish the children's neuropsychological development research center of Fujian Medical University. Professor Chen Yanhui is the deputy director of pediatric branch of Fujian Medical Association and the leader of children's neuro-behavioral developmental professional group in Fujian Province. She has rich clinical, scientific research and teaching experience and has undertaken a number of national and provincial scientific research projects. She has held more than 20 national and provincial continuing education projects and professional conferences. Since 2010, she has been a tutor for foreign students, a total of 4 overseas graduate students have been recruited and all of them have graduated on schedule.
