Clinical Medicine	Geriatrics		<input checked="" type="checkbox"/> P.H.D/M.D	<input type="checkbox"/> Academic
			<input type="checkbox"/> Master	<input checked="" type="checkbox"/> Professional

#### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

He has supervised nearly 30 master and doctoral students, and many of whom have won national and university-level scholarships. He has hosted 2 National natural Science Grants and a number of Provincial Natural Science Funds, published more than 20 SCI and core journal papers, and won provincial Medical Science and Technology Award and Fujian Provincial Science and Technology Progress Award for many times. He was a fellow of the American College of Cardiology. It is mainly engaged in the diagnosis and treatment of cardiovascular diseases such as heart failure, coronary artery and structural heart disease intervention. As the main initiator, he conducted a multi-center Clinical study (REDUCTION) on the treatment status and prognosis of acute ST-segment elevation myocardial infarction in Fujian Province. He has a teaching experience as supervisor for international students for many years.
