			<input type="checkbox"/> P.H.D./M.D. <input type="checkbox"/> Master	<input type="checkbox"/> Academic <input type="checkbox"/> Professional

#### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

In 2007, I entered the department of Dermatovenereology, Fujian Medical University Affiliated the Union Hospital with a firm belief, strong perseverance and integrity of a sincere man. For these 15 years, I have been committed to my research direction—atopic dermatitis, psoriasis, port wine stain and so on, both in the form of clinical trials and basic scientific research. Hitherto, I published over 30 articles in various well-known medical journals, wrote a medical textbook, and tutored more than 10 graduate students as supervisor, one of whom was from Tanzania. Not only rich clinical experience and scientific research achievements, but years of teaching experience as well.
