### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

I have engaged in emergency specialty for 17 years. My research direction focuses on brain protective mechanism after cardiac arrest and cardiopulmonary resuscitation. I presided over one project of Fujian Provincial Natural Science Foundation and one project of Fujian Provincial Health Committee youth fund. Awarded the third prize of Fujian Medical Science and Technology Award. In recent years, more than 10 papers in academic journals have been published at home and abroad.
