			<input type="checkbox"/> P.H.D/M.D	<input type="checkbox"/> Academic
			<input type="checkbox"/> Master	<input type="checkbox"/> Professional

Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

I am a chief physician of Endocrinology and deputy director of key laboratory of endocrinology in Fujian Provincial Hospital, one of top hospitals in China. I am also professor of medicine in Fujian Medical University. I have outstanding clinic practice in diabetes & endocrinology and actively involve in research related to Diabetes and reproductive endocrinology. Recently, we focused on the regulation of hypothalamic kiss-1 neuron on energy metabolism, which may provide a novel therapy for metabolic related diseases such as obesity. I have tutored some postgraduated students who engaged in research in the field of metabolism and reproductive endocrinology. I hope to recruit international graduate students to engage in clinical research in this field.
