### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

I have been responsible for teaching in overseas College of Fujian Medical University for a long time, and have taught many overseas interns successively. In recent years, I have been mainly engaged in clinical and scientific research in the field of coronary heart disease and heart failure. I have presided over 9 scientific research projects including general projects of National Natural Science Foundation of China, with sufficient scientific research funds. I have published over 30 SCI papers and supervised more than 10 graduate students, among which 3 won national scholarships.
