Clinical medicine	Internal Medicine (Endocrinology and Metabolism)	Diabetes	<input type="checkbox"/> P.H.D/M.D	<input checked="" type="checkbox"/> Academic
			<input checked="" type="checkbox"/> Master	<input checked="" type="checkbox"/> Professional
			<input type="checkbox"/> P.H.D/M.D	<input type="checkbox"/> Academic
			<input type="checkbox"/> Master	<input type="checkbox"/> Professional

### Personal Profile (基本情况简介)

(around 150 words, including basic introduction, research direction, teaching experience as supervisor for international students)

I am a Deputy Chief Physician and Associate Professor in the Department of Endocrinology at Union Hospital in Fujian Medical University. I have been involved in extensive clinical and basic research pertaining to diabetes and endocrinology. My research primarily centers around diabetes and its complication. I have led and contributed to numerous research projects at both provincial and ministerial levels, and have published a multitude of academic papers.
